Did the student demonstrate a sense of responsibility? *	Yes, she was very timid and seemed unprepared for her lesson. She needed quite a bit of encouragement and help from me to get through her lesson. She has the potential to be a good teacher if she can grow in her self confidence and take charge of the room more.
Was attendance regular or were you called if a scheduled period was cancelled? *	Yes although she was a bit late once.

Annie needs to work on being a more confident presence in the classroom and be confident in her lesson. She seemed a bit under prepared and unsure of what to do.

In general the 4 students I worked with seemed under prepared for their lessons. I met with the students and asked if they had questions and were sure what they needed to do and such and they all said yes but still seemed very unsure when they came to the classroom.
